B.E. in Information Technology

2024 - 2027

### Samskruti College of Engineering

Diploma in Computer Science

2021 - 2024

CGPA: 9.71

### Kakatiya High School

S.S.C

2021

CGPA: 10.0

## Projects

---

### Placement Portal Website

*Tech Stack: M.E.R.N Stack*

FEB 2025-PRESENT

- An AI-Integrated Placement Portal is a application designed to streamline and optimize the campus placement and internship process for students and placement teams.
- This system provides features like job filtering, automated mailing, AI-powered resume screening, personalized placement recommendations, and real-time data visualization to enhance the efficiency of placement activities.

### Solar System Animation Website

*Tech Stack: HTML, CSS, JavaScript*

OCT 2024

- Developed a dynamic and visually appealing animation of the solar system.
- Simulated the orbital motion of planets around the sun, complete with unique planetary sizes, colors, and rotation speeds to mimic their real-world counterparts.
- Interactive UI allowing users to explore planetary details.
